Running Time: 3 minutes

INNOVATION. COMMITMENT. EXPERIENCE

For over 25 years, Doron has demonstrated its commitment to its customers by continually offering new programs. Doron's growing library features a variety of both thrilling and educational experiences designed to bring your visitors back again and again.

In addition, Doron has worked with its customers to create dozens of custom experiences for their unique applications. A trip through the body, a ride with NASCAR great Richard Petty and a journey through a computer are just a few examples of our work. Doron can put your ideas in motion.

Doron created entertainment simulation in 1977 and has been innovating ever since. Our creative team of engineers, producers and motion programmers continually improves the sight, sound and feel of every program in our library. Our experience makes the rider's experience better.
